SUB- Appointment of Head – Carbon Finance Unit on Contractual Basis in CESL.

Convergence Energy Services Limited (CESL) is a newly established subsidiary of state-owned Energy Efficiency Services Limited, itself a joint venture of public sector companies under the Ministry of Power, Government of India. CESL is focused on delivering clean, affordable and reliable energy. Convergence focuses on energy solutions that lie at the confluence of renewable energy, electric mobility and climate change. It builds upon the decentralised solar development experience in under-served rural communities in India, and over time, using battery energy storage, will deliver renewable energy solutions to power agricultural pumps, street lighting, domestic lighting and cooking appliances in villages. CESL will also work to enable battery powered electric mobility and its infrastructure and design business models to increase the uptake of electric vehicles in India. To enable commercialization of these solutions at scale, Convergence will employ business models that utilize a blend of concessional and commercial capital, carbon finance and grants as appropriate.
