1. Clarification towards Upstream Electricity Infrastructure in depots:

The Authority shall procure and provide to the Operator electricity connections at the available HT metering level (11/22/33 kV), along with an auxiliary electrical connection at the Maintenance Depots. Authority shall provide the requisite connection at a voltage level (11/22/33 kV) at the respective depots.

2. Typographical Error in Clause 9.6.1 of Volume 1 of the RfP:

The word "City" may be read as "Lot".
